- Form groups, and choose a group to be the first contestants.
  - Team keeps own score on sheet of paper
- The game dollar amount is the value added to your game score if you respond correctly, or subtracted from your game score if you respond incorrectly.
  - Go in order from low to high dollar amounts.
- If the contestant (group) answers correctly, control of the board is retained. If answered incorrectly, control of the board goes to a selected back-up group.
  - If the back-up group answers correctly they will get half of the money and gain control of the board.
    - Back-up group writes answer on piece of paper
- If control of the board is lost, a new group is drawn.
- Contestant has 35 seconds to respond, at which time the music will stop.
- If you select Double Jeopardy the dollar values double.

**Final Jeopardy**

- Contestant must have a score greater than zero to play in Final Jeopardy.
- Contestant makes a minimum wager ($1), or the maximum wager which is the contestant’s current game score.
- Contestant has two minutes to respond.
- Contestant writes the answer on a piece of paper.
- If the answer is correct...
